SUMMARY

UI/UX Designer with 6 months of hands-on internship experience and 3 years of professional graphic design background. Strong in visual design, wireframing, prototyping, and user-centred design principles. Experienced in collaborating with cross-functional teams to design intuitive, accessible, and engaging digital products.

EXPERIENCE

UI UX Designer Intern, *Acodez IT Solutions*   2025
                                                                                     Calicut
- Designed user-centered web and app interfaces following UX best practices
- Conducted basic user research and usability testing to validate design decisions
- Created wireframes, user flows, and high-fidelity prototypes using Figma
- Followed accessibility guidelines and brand consistency across projects

Graphic Designer, *Stuid Learning App*   2022 – 2023
                                                                                     Calicut
- Designed visual assets for a digital learning platform, including UI visuals, marketing creatives, and in-app graphics
- Improved learner engagement through intuitive visual layouts
- Collaborated with product and content teams to maintain design consistency
- Applied problem-solving skills to translate requirements into effective designs

Graphic Designer, *Uplittle Design*   2021 – 2022
                                                                                     Calicut
- Created branding, marketing creatives, and digital design assets
- Delivered visually consistent designs aligned with brand identity
- Worked with internal teams to meet design objectives

EDUCATION

Diploma in UI UX, *Aviv Digital*   2024 – 2025
                                                                                     Calicut
At Aviv Digital, actively participated in design workshops and collaborative projects focused on UI/UX design, fostering innovative solutions, effective teamwork, and user-centered design principles.

BMMC, *MBL Media School*   2014 – 2017
                                                                                     Calicut
Pursued a degree in Multimedia Communication from MBL Media School, acquiring a solid foundation in multimedia principles, visual storytelling. Developed skills in communication strategies and multimedia design.
